

2021 ARIZONA ASSURANCE PROGRAM

2022 COHORT TERMS AND CONDITIONS

STUDENTS ENTERING THEIR FRESHMAN YEAR FALL 2021

The Arizona Assurance Program (AZA) at the University of Arizona is a financial aid program for low-income students in the state of Arizona. The program is designed to assist students in attaining a bachelor's degree by providing financial aid and support services. The Arizona Assurance Program partners with colleges and departments on campus to provide scholars with comprehensive programming from their freshman year through their senior year. The mission of Arizona Assurance is achieved through academic programming, mentoring, career development, and graduate/professional school preparation.

ELIGIBILITY

This is an invitation-only program. If you meet all the stated eligibility requirements below, you will be invited to submit supplementary information using the Resource Evaluation. Based on the information provided on the University of Arizona Admissions application, Free Application for Federal Student Aid (FAFSA) and the Resource Evaluation, students will be selected to receive Arizona Assurance funding. You will be conditionally selected using self-reported grades, and even if you have been asked to verify student and/or parent tax information but have not submitted yet. This conditional selection will be revoked if you (A) are no longer meeting minimum GPA and high school graduation requirements originally evaluated based on self-reported grades, or (B) if tax verification changes to your 2021-2022 FAFSA cause you to lose Arizona Assurance eligibility. Final selection for AZA is based on a thorough review of all documents submitted.

- » Submit your FAFSA and a completed Arizona Admissions application (application, transcripts and application fee) by January 31 of your senior year in high school. There are no exceptions to this date. Admission to Arizona does not guarantee eligibility for the Arizona Assurance Program.
- » Earn a minimum unweighted GPA of 3.0 in required core academic courses from the first six semesters of high school. Semesters seven and eight (your senior year) will not be considered in the GPA requirement for the Arizona Assurance Program.
- » Be admitted to the University of Arizona Main Campus.
- » Be a confirmed Resident of the State of Arizona for tuition purposes no later than January 31 of your senior year in high school.
- » Enroll in courses at the University of Arizona as a first-time, full-time, degree-seeking first year student (i.e. students who did not attend any higher education institution including Community Colleges, Universities, or International post-secondary education schools after high school graduation).
- » Demonstrate a total annual family income of \$27,000 or less on the FAFSA, have an Expected Family Contribution (EFC), as calculated by the FAFSA, of zero AND be eligible for the Federal Pell Grant. The total annual family income, EFC and Federal Pell Grant eligibility must be based on actual 2019 tax information. Income adjustments based on an approved Special Circumstances Form will not be considered for AZA selection.

- » The FAFSA must be official and free of errors by January 31 of your senior year in high school.
- » Submit all requested documents for federal verification (if applicable). Submit all requested documents early to resolve any errors or issues. All requests from OSFA will appear in your UAccess Student Center To Do List.

There are no exceptions to the dates listed above unless you are specifically notified by the Office of Scholarships and Financial Aid (OSFA) in an email stating the due date exception.
